factured is the Diamond Wall Finish.  
L. M. Averill sole agent.

## The Weather.

Boston, May 3.—Light rain to-night and  
to-morrow, fair Wednesday night, East winds.

## To Buy or Condemn

That Was the Decision Reached  
on the Water Question at the  
the City Meeting Last Evening.

The adjourned city meeting was held  
in Armory hall last evening and after a  
long debate the much discussed water  
question was disposed of, as was also  
the school question.

The first matter to come before the  
meeting was to hear the report of the  
school commissioners regarding the lo-  
cation of a new school house.

Perley Chandler stated that the com-  
missioners, after a careful study and  
observation, had come to the con-  
clusion that a four-room school house  
was very much needed at the north end,  
that they considered the best location  
obtainable was on or near the junction  
of Main and Blackwell streets. He  
thought that to lay a good foundation,  
have the rooms heated, well ventilated  
and in first-class sanitary condition a  
building could be erected at a cost of  
between \$8000 and \$10,000. If a  
building was erected near the junction  
of Blackwell and Main streets it would  
accommodate children who reside on  
Berlin street, Fosterville, and New  
Ireland. This would do away with the  
church vestries which are now used for  
school purposes.

E. W. Cummings stated that the com-  
missioners had looked over the ground  
very thoroughly and had carefully con-  
sidered all available property and that  
somewhere in the vicinity named above  
was the best place. Not one of the  
locations met with all the conditions re-  
quired. They looked at a site near  
Miles Meadow and one on Woodchuck  
Knoll. They also looked at a site near  
Smith, Whitcomb & Cook's, and one on  
Berlin street and none of these met the  
requirements. He did not think it  
would pay to erect a school house of  
two rooms as a four-room school was  
absolutely necessary to accommodate  
the pupils in that vicinity. The North  
Barre and Summer street schools are  
over-crowded and some have had to be  
removed to schools near the center of  
the city for that reason.

W. A. Boyce said he was not in favor  
of a site near the junction of Main and  
Blackwell streets as it was near the  
electric cars and foundry and for this  
reason it was not suitable. He thought  
it ought to be on some side street where  
it would be perfectly quiet and the  
children needed a play ground.

John Tierney moved the commissioners  
report to be accepted and the motion  
was seconded and passed.

Mayor Gordon moved that it be a  
four roomed school house and it was  
seconded and passed. Mr. Gordon also  
moved that the commissioners be in-  
structed to select and buy a site near the  
junction of Main and Blackwell streets.  
The motion was seconded and passed.

Article third of the warning was dis-  
missed. The council was authorized to  
pledge the credit of the city for a school  
building.

As no person had anything to say  
about a sewer on the west side, articles  
five, six and seven were dismissed.

The next article in the warning was  
to decide whether the city would buy or  
condemn the plant of the Barre Water  
Company. When the article was read  
Abraham Mann moved that the meeting  
adjourn which was seconded. The mo-  
tion was put and lost.

Mayor Gordon then told of what  
happened a year ago when the city con-  
templated the purchase of Barre Water  
Works. He said the committee who had  
the matter in charge, could not get any  
figures on the spring water companies,  
and would not give out any information  
concerning their plants.

E. W. Cummings stated that he thought  
the city ought to deal fairly with the  
Barre Water Company and buy the  
plant if necessary.

S. D. Allen said that the committee  
called on Mr. Goodhue last year, and  
he wanted \$110,000 for the plant which  
he considered an exorbitant price. He  
said the water company could take care  
of themselves. He thought a new plant  
would cost about \$96,000.

Geo. C. Mackie and Alex. Stephens  
thought the Barre water better than  
the present supply, as it was much  
superior for manufacturing purposes,  
there was more pressure. At present  
they are obliged to use pumps to get the  
water into their boilers.

John McDonald stated that it was a  
bad policy to tear up the streets all the  
while time to let these private com-  
panies lay pipes and make connections.  
He was in favor of condemning the wa-  
ter of the Barre Water Company and let  
the city derive the benefit.

E. L. Smith said he was in favor of  
having better water and was in favor of  
having new water works, provided the  
city could buy or condemn the Barre  
Water Works.

John McDonald made a motion that  
the city buy or condemn the Barre Wa-  
ter Works and it passed. And articles  
two, three, five and six were dismissed.

Mayor J. W. Gordon moved that they  
bring the water of Martin Brook into  
the city and it was carried.

The city council was authorized to  
pledge the credit of the city temporarily  
for what will be necessary to carry on  
the work, and it was carried. The meet-  
ing adjourned.

Why suffer with Corns when you  
can have them removed without pain  
by Mrs. S. M. York, 12 Elm St.

Cable Cut  
Yesterday  
At 10 O'clock A. M.SPAIN WILL PERSUE WAR TO THE  
BITTER END.

## Great Battle Expected near Cuba.

## Manila Will Not Surrender.

LONDON, May 3.—A special from  
Madrid says that the Spanish colonial  
office received advices at the beginning  
of the bombardment of Manila before  
the cable was cut. These said that  
the American shells had not yet reached  
the town proper which is strongly pro-  
tected, and it was only the outlying ma-  
rine quarters that suffered and these  
were in flames. This section is consid-  
ered the unfortified portion of Manila.  
A few shells had fallen into the Euro-  
pean town for some hours, several of  
them striking and doing damage. The  
batteries of a citadel inflicted some dam-  
age upon the American fleet. It is an-  
nounced at Madrid that there is no idea  
of surrender in ministerial circles, or  
among the populace notwithstanding the  
movement which is understood to be  
on foot among some of the great pow-  
ers to advise Spain to sue for peace.  
On the contrary the war will be pushed  
with renewed vigor.

## Dewey to be Rear Admiral.

WASHINGTON, May 3.—Secretary  
Long said today that Commodore Dew-  
ey is to be made acting admiral for the  
present and later will be nominated  
rear admiral. Secretary Long had re-  
ceived no official advices at noon today.

## One United Supreme Effort.

LONDON, May 3.—The Madrid dis-  
patches say that the Spanish authorities  
intend to throw the whole naval strength  
of Spain into one united and supreme  
effort against the United States. An  
extraordinary cabinet meeting was con-  
voked last night and there was a long  
session which occasioned the most in-  
tense excitement among the people as  
this was regarded as a great crisis in  
the government of Spain. The crisis  
was avoided however and the govern-  
ment will continue as it is now con-  
stituted.

Pauncefort to Leave  
Washington.

LONDON, May 3.—It is reported here  
today that the British Ambassador at  
Washington Sir Julian Pauncefort is to  
be succeeded by Sir Thomas H. S.  
Anderson the Under Secretary of State  
Foreign Affairs. The latter is an ex-  
perienced diplomat.

## Another Bank Closes Doors.

WATERTOWN, N. Y., May 3.—The  
First National bank of Carthage closed  
its doors today. The president has al-  
ready secured and an investigation is being  
made.

Pursue the War to a Bitter  
End.

LONDON, May 3.—The second Span-  
ish squadron at Cadiz, consisting of  
three large warships and a number of  
smaller ships, are nearly completed in  
preparation for active service. It is  
announced that Sagasta will inform the  
Cortes in behalf of the Queen Regent of  
Spain's intention to pursue the war to  
the bitter end.

Queen Informs Pope of  
Resolve.

ROME, May 3.—A special dispatch from  
Rome says that the Queen Regent has  
telegraphed to the Pope that Spain has  
resolved to resist to the bitter end.

## Grout's Resolution.

WASHINGTON, May 3.—Representa-  
tive Grout has introduced a resolution  
thanking Dewey and promoting him to  
the rank of Admiral.

## No News From Manila.

HONG KONG, May 3.—There has been  
no news from Manila today. The ca-  
ble is cut.

## Another Prize.

KEY WEST, May 3.—The gunboat  
Casein brought in this morning a prize  
captured last night. It is the schooner  
Paco.

To Censure Minister of  
Marine.

MADRID, May 3.—In the session of the  
Cortes today a vote of censure on the  
Minister of Marine will be proposed  
as a result of the lack of foresight  
which is supposed to have caused the  
Spanish losses. The Cabinet Crisis is  
considered to be postponed only a few  
hours.

## Restoring the Cable.

PARIS, May 3.—It is reported here  
an American war-ship has cut the Ma-  
nila cable and has taken it on board to  
restore the communication which has  
been interrupted for several days. If  
this is done, the United States authori-  
ties at Washington will very soon be  
informed of the real facts in the case  
of the battle of Cavite. All reports thus  
far received have been from Spanish  
sources and these, no doubt, have been  
far from correct.

## Squadron Leaves Havana.

MADRID, May 3.—An official dispatch  
from Havana says that the entire Amer-  
ican squadron has left Havana and has  
sailed in the direction of Key West. No  
cause can be conjectured for this move  
unless it has been caused by some unex-  
pected information in regard to the  
movements or intentions of the Spanish  
fleet. There is a possibility also that  
the Oregon may be in danger, or the  
Spanish fleet is coming towards the  
American coast.

## Jews to Join Against Spain

CLEVELAND, May 3.—There is a  
movement on foot here among the weal-  
thy Jews to buy a large warship to pre-  
sent to the United States Government,  
for use against Spain. It is said that  
the Jews all over the world have good  
reason to hate Spain, and would gladly  
fight against her and will give their  
wealth to see her punished.

## Spaniards Evacuate Bayonne

KINGSTON, Jamaica, May 3.—The  
Spaniards have evacuated Bayonne, one  
of the important towns in Santiago de  
Cuba. The town has a population of  
7000 and is located at a very advantage-  
ous point. The insurgents have taken  
possession of the place.

Word from Manila  
Impossible.

LONDON, May 3.—The Eastern Tele-  
graph Company announces that it has  
been impossible for any word to come  
from Manila since 10 o'clock yesterday  
morning, as the cables were cut at that  
time. The London Times cable was cut 50  
from Manila and it may take a week to  
fix it, so that all reports of the surren-  
der of Manila after 10 o'clock yesterday  
morning must have been fabrication.  
It is known however, that Dewey began  
to bombard Manila yesterday morning,  
before the cable was cut and it is prob-  
able that he has captured the city by  
this time although it is impossible to  
establish such a report.

To Camp at South  
Framingham.

SPRINGFIELD, May 3.—Col. Clark with  
the second regiment and companies left  
here this morning for South Framing-  
ham where they will go into camp to-  
day. The streets were crowded and  
the enthusiasm of the crowd was great.  
Many women fainted. There has not  
been such patriotism shown since the  
Civil War.

## Waiting for Official Report.

WASHINGTON, May 3.—Secretary  
Long announces that as soon as the of-  
ficial report from Dewey is received con-  
firming the press accounts of his victory,  
a cablegram of congratulation will be  
sent him. The President will await the  
official report before deciding to send  
troops to Manila.

## Golden Wedding.

MONTEPELIER, May 3.—The 50th an-  
niversary of the wedding of Hon. and  
Mrs. Chas. Dewey will be celebrated at  
their home on State street this evening.  
Mr. Dewey is a brother of the famous  
Commodore.

## Under American Protection.

HONG KONG, May 3.—The insurgent  
leaders here hope to provisionally to  
administer over the Philippine islands  
under the protection of the United States.

## The Old Sailor's Yarn.

"Yes," said the old fellow who pro-  
fessed to have been a sailor and who  
hitched his unmentionables and rolled  
in his walk that he might look the part,  
"I was marooned once."

"It's a solemn fact, gents. For ten  
years I lived alone on a South sea is-  
land. I wasn't just deserted there, but  
the ship blew up and I was the only  
one what ever reached land ag'in. I  
floated on a spar to that there desolate  
island. None of you gents knows what  
it is to be lonely, to have no fellow to  
jaw with, to see nothing above but  
the heavens and nothing round you but  
water. I would a died if I hadn't ketch-  
ed a sea gull and trained him so he  
would mind like a dog."

Here a sympathetic listener piped the  
old fellow up to grog, and he seemed to  
lose his bearings. "Ten times I writ  
home," he went on, "and half a dozen  
times I cabled."

"Why, you old fraud," interrupted  
a fresh water sailor who had been tak-  
ing in the narration, "if you could send  
letters and cablegrams, you weren't  
marooned. What kind of a game is this  
you're givin' us?"

But the old salt was equal to the oc-  
casion. Over he tumbled on the floor,  
he went through the outward symptoms  
of a fit, had to be supplied with another  
dose of restorative and when he came  
to, looked about him in a dazed way.  
"What hev I been sayin', gents?" he  
asked faintly. "Ever since I was maroon-  
ed I have these here spells and go to un-  
windin' novels. It was far ten years,  
gents," and the last word floated back  
as he made a dash through the front  
door.—Detroit Free Press.
